# ABOUT QBSLI

## BUILT FOR THE HUMAN SIDE OF TRANSFORMATION

Technology evolves faster than leadership capability. QBSLI was established to address a critical gap seen across digital, AI, and organizational transformation initiatives; **Technology alone does not deliver outcomes, leaders do.**

Drawing on deep expertise across digital transformation, AI adoption, and organizational change, QBSLI partners with enterprises and institutions to build leadership capability that translates strategy into action, driving measurable business outcomes and sustainable growth.

Unlike traditional training institutes, QBSLI integrates **leadership development, mindset transformation, communication mastery, and digital readiness** into a single, coherent development journey.

# OUR PHILOSOPHY

Transformation does not fail because of technology. It fails when leaders and organizations are not prepared to think, decide, and act differently.

**QBSLI believes sustainable transformation requires:**

Leaders who can make decisions under uncertainty

Teams aligned around purpose and execution

Mindsets capable of adapting to continuous change

Clear communication across functions and hierarchies

Practical understanding of digital and AI-driven systems

# WHAT YOU WILL LEARN

Every QBSLI program is designed to deliver **practical, enterprise-ready capability and not just theory.**

## Mindset Transformation

Build cognitive flexibility, resilience, and self-leadership for sustained performance.

## Leadership Evolution

Develop adaptive leadership capability to navigate complexity and lead change.

## Communication Mastery

Strengthen strategic communication to influence, align, and execute effectively.

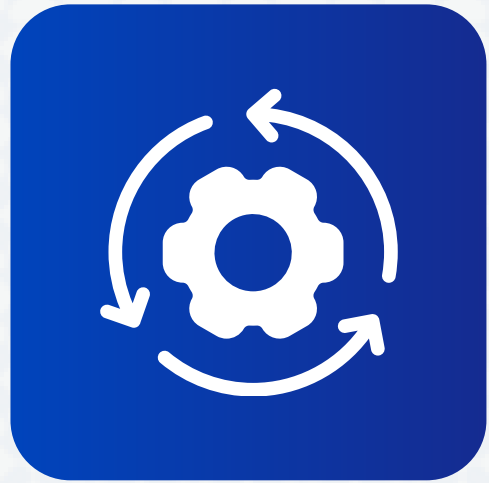

## AI Digital Readiness

Build executive understanding of AI to evaluate use cases, govern risk, and adopt responsibly.

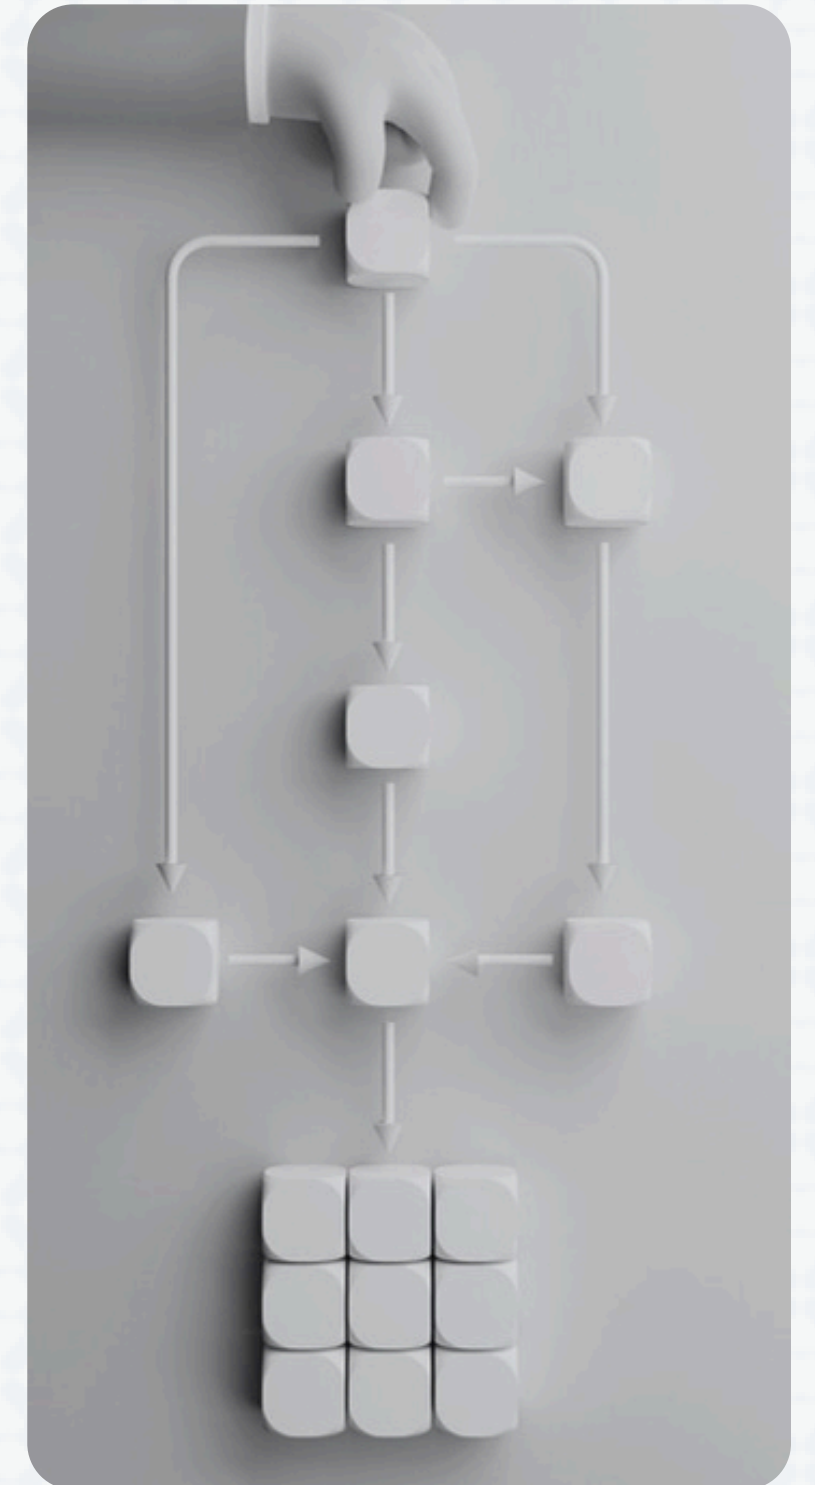

## Technology Enablement

Develop business-side capability to adopt ERP and enterprise systems with confidence.

# HOW OUR PROGRAMS WORK

A clear, strategic framework designed to transform **leaders**, drive **action**, and deliver **measurable growth**.

# FUTURE-READY ACADEMIC & TECHNOLOGY PROGRAMS

For Universities & Education Networks

QBSLI partners with academic institutions to bridge the gap between classroom learning and real-world enterprise capability.

Our programs prepare students, educators, and academic leaders for the future of work through practical exposure to SAP, ERP systems, AI readiness, digital tools, business processes, and professional communication.

## Program Area:

- SAP & Enterprise Technology Orientation**  
ERP fundamentals, SAP career pathways, business process exposure, and real organizational use cases.
- AI & Digital Readiness**  
Responsible AI use, productivity tools, prompt engineering, future workplace skills, and digital learning practices.
- Business Process Enablement**  
Introduction to Procure to Pay, Order to Cash, Finance, Supply Chain, Warehouse Management, Plant Maintenance, and Analytics.

- Student Career Readiness**  
Communication, workplace behavior, presentation skills, interview readiness, LinkedIn readiness, and employability skills.
- Faculty & Academic Leadership Enablement**  
AI in education, digital classroom practices, student engagement, communication, and change readiness.

# LEADERSHIP RETREATS & EXPERIENTIAL TRANSFORMATION

QBSLI offers immersive retreats for leadership teams, academic heads, faculty groups, and high-potential cohorts seeking deeper transformation beyond conventional training.

These retreats combine leadership development, mindset transformation, experiential learning, reflective exercises, strategic conversations, and group-based activities to build clarity, trust, resilience, and execution focus.

## Retreat Themes:

- Leadership Alignment & Team Trust**  
Shared direction, ownership, decision-making clarity, and stronger collaboration.
- Mindset Transformation & Personal Mastery**  
Self-awareness, resilience, emotional regulation, confidence, and adaptability.
- Strategic Reflection & Execution Focus**  
Interpersonal effectiveness, influence, conflict handling, and leadership presence.
- Communication & Collaboration**  
Practical action planning to translate retreat insights into workplace performance.

 **1-day** Leadership reset | **2-day** Immersive retreat | **3-day** Executive off-site | **Customized Residential Retreat**
